

Sharing a Future  
and a Hope

Welcome to the Alpha Center. The Alpha Center is a medical clinic that provides counsel and support to individuals making decisions about sexuality, relationships, and pregnancy issues.

We are glad that you made the difficult and responsible decision to have STD testing. After your meeting today with the clinical staff member, they will schedule an exam for you with a medical professional. One week after your exam we will see you again to give you your test results, discuss those results, and talk about ways to prevent further exposure. If you will not be able to come back within two weeks after your exam for test results, please let the staff know today. *Due to patient confidentiality we cannot release your results over the phone to you. We must see you in person to review the results with you.* We ask that you review the literature given to you by your staff member and be prepared to discuss the information regarding healthier choices. Failure to appear for a scheduled appointment may jeopardize your ability to access our services in the future.

All of our services are free of charge and designed to improve the lives of those we serve. Our boundaries were designed with the hope that we can assist you in finding joy in choices and behaviors that bring you freedom from having to worry about STDs. **Therefore, we limit our free STD testing services to a maximum of two, at minimum of 6 month intervals.** This limitation does not extend to our other services such as pregnancy testing.

All information about you will be held in the strictest confidence, except in the following circumstances:

- (1) When there is a reasonable suspicion of child abuse, whether you are the victim or the abuser or statutory rape
- (2) When there is a threat or harm to a third party
- (3) When there is a threat of self-inflicted harm
- (4) When there is a threat against the Alpha Center

**Please immediately turn off any electronic devices with recording capabilities. This center and its representatives (paid and volunteer) do NOT consent to having any conversations recorded.**

We are glad you came here today. Thank you for allowing us the opportunity to serve you.
